CERTIFICATES

|Full Mern Stack Development – ThinkNEXT Company|

EXPERIENCE

Community Management Intern
CodingBits,Noida-Remote
🗓 *Feb 2024 – May 2024*

- Led community engagement initiatives and executed social media campaigns.
- Facilitated constructive dialogue among community members.
- Supported event coordination and promotional efforts.

PROJECTS

Shoply|FullStackDeveloper(MERN) • [GitHub]
| Individual Project |

• Designed and developed **Shoply**, a complete e-commerce web application offering seamless product browsing and purchase experience.
• Integrated **user authentication**, **product management**, **cart and checkout features**, and **order history**.
• Built an **admin dashboard** for managing inventory and monitoring orders.
• Integrated **Razorpay payment gateway** for secure online transactions.
• Ensured responsive UI/UX with **Tailwind CSS**, delivering a clean and intuitive shopping interface.
• Deployed the frontend on **Netlify** and backend on **Render** for smooth live hosting.
• **Tech Stack:** MERN (MongoDB, Express.js, React.js, Node.js), Razorpay API, TailwindCSS

Solo Sparks | Full Stack Developer (MERN + AI Integration)
| GitHub
• Built **Solo Sparks**, a gamified personal growth platform that assigns AI-generated self-discovery quests based on user psychology.
• Implemented **user onboarding**, **quest tracking**, and a **reflection system** with multimedia support.
• Integrated **behavioral analytics** and a **Spark Points reward system** to increase user engagement.
• Developed a **Rewards Store** and dashboard to monitor user growth visually.
• Features: Personalized quests, multimedia reflections, points system, quest history, AI insights.
• **Tech Stack:** MERN (MongoDB, Express.js, React.js, Node.js), JWT, TailwindCSS, Framer Motion, Chart.js

Portfolio Website | Frontend Developer
Individual Project | Live | GitHub
• Created a responsive and modern personal portfolio website to showcase projects, resume, and contact information.
• Designed with a clean UI/UX using **HTML5**, **CSS3**, and **JavaScript**.
• Features include: Project gallery, downloadable resume, contact form, and design samples.
• Deployed using GitHub Pages with mobile-friendly responsiveness.
